Description

The Old School Edition of Hip Hop vocals tests your memory of songs, artists, and terms mentioned in songs from the 1979 through 1999.

The game covers everything from pioneers like The Sugarhill Gang and RUN-DMC, to Golden Era artists like A Tribe called, to late 90s MCs like Mos Def.

West Coast and Down South groups like NWA and Outkast will test how well rounded of an Old School fan you are.

Last but not least, lady MCs from Roxanne Shantae and MC Lyte to Lil Kim are included in the game.
